"If we live according to the true meaning of our sexuality, we fulfill the very meaning of our being and existence." – Pope John Paul II

Perhaps you have only "heard about" Pope John Paul II's Theology of the Body but never witnessed a down-to-earth explanation of what is so extraordinary, life-changing and spiritually renewing about it!

If so, then plan on joining Bill Donaghy, a protégé of Christopher West, who will illustrate God's plan for humanity – a plan stamped right in our own bodies. Guided by Bill's wit, wisdom and insight, this introduction to the Theology of the Body will help attendees to see that the redemption of their sexuality is the key to happiness and to uncover the truth behind the falsehoods of lust and pornography.

Related books and materials will be available for purchase onsite, courtesy of Divinity Religious Gift Shop in Jefferson City.
