“SUPPORTING THE VIP

dinner isn't simply supporting a seminarian studying for the Diocese of Jefferson City. Nor is it simply supporting the formation of a priest. Rather, it is supporting and enabling the entirety of the ministry that priest will be able to perform over the course of his life. All of the souls he will save, all of the infirm and suffering he will comfort, all of the counseling and all of the prayers he will offer on behalf of himself and his community. It begins with you. Thank you for your generous support.”
